CTN-0081 Data De-Identification Notes

The de-identified data set for this study was prepared and submitted to Data Share by the study investigator team. In compliance with CTN study requirements, the site-identifying variables listed below were omitted from the published data set.

- Race Identifiers: All specific race identifiers were eliminated.
- For specific column names, refer to the “CTN0081-Nullled-Values” spreadsheet file.

See the “CTN0081-Data-Dictionary” Excel workbook file for descriptions of the data.
